

Obedience training is the foundation for which all other dog performance events are based i.e. (Rally, Agility, Herding, Free Style & Fly ball to name a few)

meaning that all of the above must have some kind of obedience training whether basic, intermediate or advanced; along with those sports, primary training.

At Unlimited Obedience our goal is to teach K-9 owners how to train their dogs to perform basic Obedience commands (Heel, Sit, Down, Stay & Come) to use around their home, out in public or more advanced training for obedience trials, Therapy work or just going on vacation.

All while building a better understanding of your K-9 companion.

So sit back and have a look around, when your done drop us an e-mail and let us know what you think.

The Gang @ Unlimited Obedience
